

HYDRAULIC HOSE CLEANERS

WWW.GOODWAY.COM

Fire Away For Efficiency

FAST, EFFECTIVE CLEANING, TO ISO 13/10 LEVELS, EXPERIENCE THE POWER OF PNEUMATIC HOSE CLEANERS.

FEATURES

- > Versatile single or double-handed use
- > Rugged ABS exterior shell
- > Air-assisted trigger
- > Removable aluminum shoulder stock
- > Compact, ergonomic design
- > Easily interchangeable nozzles
- > Clear, removable, high-density splash shield
- > Reliable cleared tube indicator
- > Flow rate up to 50 GPM
- > Internal vacuum break

JetLaunch®-XL – For 2”-4 1/2” I.D.

Many of our products come from customer feedback and larger projectiles and launchers have been a common request. We now have an answer for inside diameter's 2”-4 1/2”, with our brand new JetLaunch-XL. The single nozzle design allows for simple operation by placing the projectile inside the end of the tube, pipe or hose, then inserting the tapered nozzle.

JetLaunch-XL JetLaunch Pneumatic Cleaning Gun, nozzle and carrying case

Call for Prices and Details

Specifications	JetLaunch-XL
Air Requirements	Minimum 90 PSI, Maximum 150 PSI
Dimensions	12” long x 11” high x 3” wide
Weight	7 lbs
Carrying Case	15” high x 20” wide x 5 1/2” deep

JetLaunch® – Mobile. Versatile.

Need an effective mobile hose or tube cleaning solution that is fast? The JetLaunch pneumatic tube cleaning gun has got you covered. Both powerful and compact, it's the perfect choice for hose or tube cleaning jobs on the go or for shop applications. The JetLaunch packs some serious heat for cleaning through valves, couplings and 90° bends to the same ISO level as the JetLoad but in a more compact package.

JCL-2010 JetLaunch Pneumatic Cleaning Gun Only

JCL-3000 Adapter Ring for nozzles 3/16"–11/4"

JCL-2030 JetLaunch Pneumatic Hose Cleaning Gun, including 9 standard hose nozzles and carrying case

JIC-2030 JetLaunch Pneumatic Hose Assembly Cleaning Gun, including 9 standard coupling nozzles and carrying case

JCL-2060 JetLaunch Pneumatic Tube Cleaning Gun, including 9 standard tube nozzles and carrying case

Note: Projectiles not included – see pages 104-105.

FEATURES

- > Hinged faceplate for easy loading of projectiles
- > Pressure relief valve to eliminate back pressure
- > Trigger guard
- > Quick connect fittings

Specifications	JetLaunch
Air Requirements	Minimum 90 PSI, Maximum 120 PSI
Dimensions	3"–5" long (depending on nozzle)
Weight	11/2 lbs
Carrying Case	16" high x 18" wide x 5 1/2" deep

JetLoad® – Fast. Effective.

If you have a high-volume hose or tube cleaning operation, the JetLoad is the right tool for the job. Clean tubes in quick succession with the specially designed trap door that enables you to "Speed Load" our gunk-blasting foam projectiles (up to 1" diameter) for rapid-fire removal of deposits. Declare open season on chips, sediments and residues in tubes, pipes and hoses.

JL-5010 JetLoad Pneumatic Cleaning Gun Only

JCL-3000 Adapter Ring for nozzles 3/16"–11/4"

JL-5030 JetLoad Pneumatic Hose Cleaning Gun, including 9 standard hose nozzles and carrying case

JLC-5030 JetLoad Pneumatic Hose Assembly Cleaning Gun, including 9 standard coupling nozzles and carrying case

JLT-5060 JetLoad Pneumatic Tube Cleaning Gun, including 9 standard tube nozzles and carrying case

FEATURES

- > Trap door for quick loading of projectiles
- > Pressure relief valve to eliminate back pressure
- > Trigger guard
- > Quick connect fittings

PATENTED

Specifications	JetLoad
Air Requirements	Minimum 60 PSI, Maximum 100 PSI
Dimensions	8"–10" long (depending on nozzle)
Weight	13/4 lbs
Carrying Case	16" high x 18" wide x 5 1/2" deep

Clean Even Through Couplings With Ease

NOZZLES AND PROJECTILES CLEAN TUBES, PIPES AND HOSES WITH OR WITHOUT COUPLINGS.

NOZZLES AND PROJECTILES FOR JETLOAD®, JETLAUNCH® AND JETLAUNCH® XL

Nozzles:

Nozzles are available for cleaning any tube, pipe or hose $\frac{3}{16}$ "-2" I.D. Hose nozzles are tapered to fit inside the ends of hoses. Tube nozzles are designed to butt up against the ends of tubes and pipes for complete end to end cleaning. JIC nozzles are available for thorough cleaning of hoses with attached couplings.

Note: Custom nozzles available.

Standard Projectiles:

Goodway's Standard Projectiles are specially formulated for use with any pneumatic gun. As a projectile is shot, it is compressed, loosening and propelling dirt and deposits through the hose, tube or pipe. Projectiles are oversized to ensure proper compression for maximum cleaning action.

Note: Abrasive projectiles and custom sizes available.

PROJECTILE SHOT THROUGH HYDRAULIC HOSE

Coupling Projectiles:

Goodway's Coupling Projectiles are made from a soft, dense packed foam, designed to allow the projectile to be shot through a hose, tube or pipe with couplings.

Note: Abrasive projectiles and custom sizes available.
